

Peter Baldrachi

"This is really a quintessential power pop album; if you were to look up "power pop" in the dictionary, there ought to be a picture of this disc staring you back in the face." - *AbsolutePowerPop*.

"Baldrachi's composed a superb and crackling power-pop LP that overflows with catchy melodies and exquisite harmonies." -Mark Suppanz *The Big Takeover*

"... classic pop songwriting style mixing bits 'n' pieces of Matthew Sweet, late-era Replacements, and "Goat Heads Soup"-era Stones." -*NotLame.com*

"Feel-good late-'70s early-'80s power pop chock-full of hooky riffage and blame-free attitude... a worthy addition to the canon of Boston rock 'n' roll." -*The Noise*
